Scott,

Tom Nameth, Director of Pharmacy, attended the DEA Distributor Conference in Maryland yesterday. We are in the final process of implementing a more aggressive control substance monitoring system (handling, dispensing, and reporting) at store level and corporate. Hence, Tom approached one of the agents with a request for some guidance with determining some methodology or formula to help us accurately identify any outlying stores. He directed us to our local office.

Would you be available for a meeting in the next couple of weeks for some suggestions so we can develop it correctly?
